## November 2018 Newsletter

### Announcements

#### *Nature Conference*

The Electrical & Systems Engineering department is proud to announce Dr. Lan Yang will be participating in the [2018 Nature Conference](#): "Topological Photonics – From Concepts to Devices." The conference is to be held November 11-13 in the Knight Center.

#### *Spring 2018 Courses*

For spring 2018, the following courses are being taught by faculty new to the department:

Chuan Wang, Assistant Professor, [ESE 337 Electronic Devices and Circuits](#)

Neal Patwari, Professor, [ESE 471 Communication Systems](#)

Brian Bassham, Adjunct Faculty, [ESE 404 Applied Operations Research](#)

The following new courses are being offered:

J-T Shen, Assistant Professor, [ESE 431 Quantum Electronics](#)

Jr-Shin Li, Professor, [ESE 559 Special Topics in Systems and Control: Control of High-Dimensional Complex Systems](#)

This lab course has been updated:

Ed Richter, Professor of the Practice, [ESE 488 Signals and Communication Laboratory](#)

[Click Here](#) to see the course listings, the instructor, or your advisor for more information.

#### *Career Services Luncheon Seminar*

ESE Graduate students are invited to the Career Services Seminar, which includes lunch in the Collaboration Space in Green Hall on Friday, November 9<sup>th</sup> from 11:30 am-1:00pm. Jennifer Finney, Assistant Director for Career Development, and Robin Shepard, Career Consultant, will be available to meet with students who would like some assistance in trying to set up an internship, assistance with resumes, or advice regarding obtaining a job after graduation. *Reminder:* Career Service walk-in hours are Mondays from 1:30-4 pm in Lopata 203.

### Reminders

#### *Upcoming Dates to Remember*
