Name: _____

ID: _____

Course Supervisor: _____

Title:

Brief Description (5-6 sentences):

Expected Hours per Week:

Grade Evaluation Criteria:

Number of Units:

**Course Description:**

Undergraduate research under the supervision of a faculty member. The scope and depth of the research must be approved by the faculty member prior to enrollment. Final deliverables include a poster presentation at a departmental event, submission of the poster in electronic form for archiving, and written documentation at the discretion of the instructor.

**Common Course Requirements:**

- Poster presentation at the Winter Research Symposium or Spring ESE Day
- Submission of poster in electronic form to the WUSTL openscholarship portal

Your signature below certifies that you have reviewed this form and agree to its contents:

Student: _____

Course Supervisor: _____

Academic Advisor: _____

Additional Supporting Faculty: _____

*Recall that no more than 6 units of the combined units of ESE 2971, ESE 400, ESE 497, and ESE 4971 may be applied toward the elective requirement. The balance of the combined units, if there are any units left, are allowed as free electives to satisfy the requirement on the total number of units.*
